DAY OBSERVEDPart of Stonewall Jackson in
State History's Cited at
Fairview Meeting.

FAIRVIEW, Nov. 2.—A program was given in the high school auditorium last night in observance of West Virginia Day as set apart by the state department for November 1. The purpose of the meeting was outlined in an introductory talk after which Miss Katherine McElroy gave an interesting account of the Stonewall Jackson and his part in West Virginia history.

Following a short program, the Rev. J. S. Tyler gave an address on "West Virginia and its possibilities." In the introduction to his address he spoke of some famous men connected with local history, pointing out that America's greatest football coach was a West Virginian, having been born and raised in Fairview, that West Virginia has furnished preachers, that John J. Davis, formerly ambassador to Great Britain, was born in Clarksburg and many other interesting facts relating to West Virginia history.

"West Virginia has great possibilities," he said. "In school work, in religion, in the development of our natural resources, this state has opportunities that few other states have, and to make these possibilities real, we must begin at home by making our community a better place in which to live."

"We must boost continually and avoid knocking." There is some good everywhere which must be made to extend itself so as to eventually exclude all evil."

Edgar Elzey, a native poet of West Virginia, claiming as his place of residence the city of Parkersburg, will give a program in the West M. C. Church next Wednesday night, beginning at 8 o'clock, according to an announcement made last evening. Mr. Elzey has written many famous poems dealing with romantic West Virginia and his poem, "America," has been many times praised for its beauty and perfect rhythm. He has written many others, some of which he will read as a part of his evening entertainment, November 8.

Michael III, Newton Michael, popular athlete, who had been making quite a showing for the athletic quarterback position in football, was unable to be in school yesterday because of a cold. It is fortunate for the team that no game has been scheduled for this week-end as it is likely that he will be in good condition for the game with Fairmont November 24. The Fairview second string men have booked a game with Gratton reserves for Friday afternoon at Gratton, which will give the substitutes an opportunity of gaining first hand experience in the fall sport. It is the consensus of opinion locally that Fairview will have little trouble in emerging on the big end of the scores of the two games, Fairmont and Mannington, which stand between them and the county and valley championship. Mannington is said to have the strongest team in the history, which makes a game with them all the more desired. Many locals predict that the Fairview team will beat them by at least two touchdowns and even go so far as to say that Mannington will not score on the locals. Manness, Fairview's 212 pound guard, is confident that no opposing team can make gains through the heavy Fairview line. "Ledy" Lewis has been playing a hard back position in the last two games played, is showing rare form and has been responsible for at least one touchdown in every game played this season. Cronin, Underwood, Michael, Wyer and Jones are playing their last year with the local high school, and college coaches have been already looking them over as probable material for next year teams.

Tea Party.
A delightful tea party was given yesterday afternoon at the high school by Miss Mary Louise Christy and her domestic science class. Mrs. H. C. Cummins presided at tea and with the many tined folkies around, the affair was both picturesque and pleasant, it is said.

Gloria Swanson in Pictures.
The moving picture fans of Fairview are to have a rare treat, according to local critics, when "Something to Think About," a screen production featuring Eliot Dexter, Gloria Swanson, Theodora Roberts and Claire MacDowell, is shown in the high school auditorium at 7:30 o'clock tonight. The price of admission has been announced at 15 and 25 cents. A large crowd is expected.

Burns Will Filed.
According to the will of the late John H. Burns of Fairview, filed at the office of County Clerk Lee N. Satterfield yesterday for recording, Mary Burns, the widow of the deceased, is left a dwelling house and two lots in Fairview, a number of business buildings in town, several tracts of Pittsburgh coal and considerable other

MORE COAL LOADED
THAN LAST YEAR

LOGAN, W. Va., Nov. 2.—Coal loading for the first ten months of 1932 in the Logan field exceeded those of the entire year, 1931, it was announced today by the Logan Coal Operators' Association. Reports compiled by the association through October 23 showed 11,103,450 tons had been shipped from the mines in the Logan field as compared with a total for the previous year of 10,607,114.

Walter R. Thurmond, president of the association, in making the announcement, declared the 1932 figures would have exceeded the fifteen million ton mark, had not the field suffered from car shortage subsequent to the shopmen's strike. In support of this he pointed to a sharp drop in the monthly figures for July as compared with those of previous months, and said that of the amount shipped this year, 8,977,430 tons came in the first six months.

LIBERALS WIN OUT
IN CUBAN ELECTION

HAVANA, Nov. 2.—The Liberal party seemed to be on top in Cuban politics today as a result of their victories in the partial election throughout the state yesterday.

Incomplete returns indicated that they had elected Liberal candidates for governors of seven provinces and won the race for mayor of Havana, the second most important administrative post of the island. Moreover, the Liberals increased their numbers in the lower house of congress so largely that the administration may lose its majority. In Havana election day passed quietly, and there were no reports from the provinces to indicate any disorders outside the capitol. Returns so far received indicate the election of the following Liberals as principal governors:

General Alberto Barreras, Havana; Roberto Mendez Penate, Santa Clara; Juan Groulier, Matanzas; Rogelio Zayas Bazoan, Camaguey; Jose R. Barcelo, Oriente; and Juan L. Pinar, Pinar del Rio.

The successful candidate for mayor of Havana is Jose Maria De La Cheta, a Liberal congressman.

PUNTS AND
PASSES

was in 1920. He had a poor season, but he began to build. He took his team to Philadelphia for the annual game with Penn. Thanksgiving Day and was well-picked, an unusual dose for Cornell. Incidentally, for the Big Red as a rule has found Penn easy pickings in the Turkey Day frolic. Philly critics jeered at Dobbie's team after the game. They held he hadn't any offense that was worthy of being called an offense.

Last year, Dobbie went back to Philadelphia with a real team, the result of his gradual development, and he knocked Penn. galley west. And he made it a point to use not a solitary play that had not been used in the same game the year before. The only difference was, that this time he had the players, led by Eddie Kaw, who could execute those plays for consistent gains. It was the old story of material.

"Guess it's about a 50-50 break. Good material with a poor coach has been everywhere. Now we'll have a good coach with inferior material. When you get both of 'em good, then you have a team."

BLACKVILLE

A socialist meeting was held at Pentress near Blackville Friday evening.

The Ladies Aid Society of Pentress held a supper in the Pentress school building Saturday evening. It was a masked affair.

Economy Hints

See how the WANTS can help you save.

It's an old saying, "A penny saved is a penny earned."

In turning articles into cash, finding a ready market for real estate, securing tenants, gaining employment, restoring lost articles—in every act of buying, selling, renting, exchanging, hiring, the wants prove an economy—a means of saving.

The Wants save time, too and a saving of energy is as thrifty as saving money.
